See Us For Your Vehicle Loan!!!

Whether your automobile is New, New to You, or it’s time to Refinance, come see us for your vehicle loans! If you’re in the market for new wheels, see the credit union first for a pre-approved loan. With pre-approved financing from the credit union, you’ll be in the best position to buy the vehicle that’s right for you, not the one the dealer is trying to sell you. That’s because those special dealer financing offers may be limited to certain vehicles, often the slower selling models. With a credit union loan, you have more choices, including buying from a private seller. If you do buy privately, be sure to review all of the service records, and have the vehicle checked over by a mechanic.

Even if you’re not looking to trade, if your current loan is at another financial institution, it may be in your best interest to refinance it with Skyline Credit Union. We may be able to significantly reduce your payment with our low rates. So, call on us to help get you on the road to savings.

Have You Moved? Keep Your CU Updated

Sunny skies and springtime flowers are often synonymous with moving day. If the change of season is ushering in a change of address for you and your family, remember to let Skyline Credit Union know. It's our job to keep you informed, and your financial information safe and secure, but we must have your current information on file in order to do so. In addition to address changes, let us know about any phone number or email address updates as well.

TRAVEL CARDS AND GIFT CARDS AVAILABLE!

Don't forget, the credit union has Visa Travel Cards available for your vacation use! They don't have to be used strictly for vacation, they are great for a safer way to shop online, to give your child spending money on a school trip or while away at college. We also have Visa Gift Cards for those hard to shop for people, last minute gifts, or teenagers to shop for themselves.

YOU COULD WIN!!! Remember to read the newsletter every time, to find the hidden birth date! If the birthdate matches yours exactly (Month/Day/Year) contact us by the end of the following month of that Newsletter and you will win \$25.00!!!

Loans For Every Reason And Season

Roof sprung a leak? We have a loan for that. Unexpected medical bill? We have a loan for that. Back-to-school bills bigger than you thought? We have a loan for that, too. Credit unions were created to make loans to members for provident and productive purposes. That means we are here to help. We'll work with you to sort out what type of loan is the best for you. For example, if you have a balance on a credit card with a high interest rate, chances are, a Consolidation Loan would be a good option to lower your payment and the total amount you'll have to pay. Need a break this coming winter? A Vacation Loan can help you get away. 05/26/1988 And of course, we have great rates and terms for new wheels. So, whatever the reason, or the season, when you need a loan, think of your credit union first.

THE LAST WORD

Never stop doing little things for others. Sometimes those little things occupy the biggest part of their hearts.
